

**STANDARD CHLORINE CEMICAL CO. INC. SUPERFUND SITE  
MONTHLY PROGRESS REPORT  
MAY 2013**

**I. Actions Completed During the Reporting Period (May 2013)**

The Isosceles Group on behalf of Apogent submitted a letter dated May 10, 2013 to the United States Environmental Protection Agency (EPA) with written comments and proposed modifications to the Draft Remedial Investigation/Focused Feasibility Study (RI/FFS) Work Plan

A summary of operations and maintenance activities for the first quarter of 2013 was submitted to the EPA as Appendix A to the April 2013 monthly progress report.

**II. Results of Sampling and Tests and Data Received by Respondents**

None for this Reporting Period.

**III. Work Planned for the Next Two Months (June and July 2013)**

The RI/FFS Work Plan will be revised as necessary to address any comments received from the EPA and resubmitted to the agencies for review and approval.

A meeting at the Site among the Group, EPA and NJDEP will be held on June 13, 2013.

Preparation and submittal of the appendices to the RI/FFS Work Plan subsequent to the EPA review/comments on the Draft RI/FFS Work Plan.

The Group notified EPA of its selection of a proposed contractor on June 3, 2013 and laboratory subcontractor on June 3, 2013. The proposed contractor's Quality Management Plan was submitted along with the notification to EPA.

Submission of the Financial Assurance Trust.

The Group will notify the EPA of its selection of a proposed Project Coordinator.

Preparation and submittal of monthly progress reports to EPA.

**IV. Problems Encountered/Anticipated Delays**

None for this Reporting Period.

420348

**V. Operations and Maintenance Information**

Routine operations and maintenance activities were completed. A summary of operations and maintenance activities will be provided on a quarterly frequency. The next quarterly summary will be appended to the July 2013 progress report.
